

BSW focuses on the best in Pro Audio. So you can focus on what's important.

BSW specializes
in pro audio.

We're different from
the big "box" stores.
We focus on the best
pro audio equipment,
with no drums, stomp
boxes or video cameras
to distract us.

We've been selling
to the recording and
broadcast industries
for over 30 years. So
not only can we line
up great deals, we're
used to seeing the stuff
tested in the trenches.
It doesn't take long to
sort out which products
survive and which don't.

Moreover, most of
us are total gearheads
who take equipment
home at night to try in
our own home studios.
If something's fishy, it
won't make it onto our
shelves.

We sell what works,
so you can work...at
prices that let you get
more of what you need.

Call for our free
144-page catalog or
